PROFESSIONAL SUMMARY

Detail-oriented BCA fresher with strong foundations in SQL, Python, Java, MySQL, Excel, and Power BI. Experienced in data analytics and web development through practical internships. Skilled in building interactive dashboards, analyzing sales performance, and developing desktop and web applications. Seeking an entry-level opportunity to apply technical and analytical skills to drive organizational goals.

TECHNICAL SKILLS

Languages: Python, Java, C, C++

Database Systems: SQL, MySQL

Data Analytics: Microsoft Excel, Power BI, Data Cleaning, Data Visualization, Trend Analysis

Web Technologies: HTML, CSS, JavaScript

Tools & Frameworks: Tkinter, Spring Boot, VS Code, Eclipse, GitHub

INTERNSHIP EXPERIENCE

Data Analytics Intern

Thiranex

- Analyzed complex sales and revenue datasets using Excel and Python to identify market trends and business insights.
- Executed data cleaning, transformation, and Exploratory Data Analysis (EDA) to prepare structured datasets.
- Designed and developed an interactive Power BI dashboard featuring dynamic KPIs and key business visual metrics.

Web Developer Intern

InAmigos Foundation

- Structured and styled responsive, user-friendly web pages using semantic HTML and CSS.
- Collaborated on improving website layout, navigation flow, and overall UI design elements.
- Acquired hands-on exposure to practical software development workflows and project implementation standards.

KEY PROJECTS

Student Performance Analyzer

Python, Tkinter, CSV

- Developed a GUI desktop application using Python Tkinter and CSV storage to manage and analyze student academic records.
- Implemented full record management (Add, View, Search, Update, Delete) with input validation and subject-wise performance reporting.
- Automated total marks, percentage, and grade calculations to generate instant student result analytics.

Sales Revenue Dashboard

Microsoft Excel

- Engineered an interactive Excel dashboard to track sales performance, revenue metrics, profit, and product trends.
- Utilized Pivot Tables, Pivot Charts, dynamic KPIs, and interactive slicers to deliver actionable business insights.

Personal Portfolio Website

HTML, CSS, JavaScript

- Designed and deployed a responsive personal portfolio website showcasing projects, technical skills, internships, and resume.
- Created a modern UI featuring dedicated project galleries and clean navigation integrated with GitHub and LinkedIn.

Digital Library Management System (Final Year Project — In Development) Java, Spring Boot, HTML, CSS, JavaScript, MySQL

- Architecting a full-stack web application to automate library administration, book issuance, and user tracking.
- Implementing robust database schema and RESTful web services for efficient inventory and user record management.

EDUCATION

Bachelor of Computer Applications (BCA) — JSPM's Jaywant Institute of Management Studies, Pune

Expected 2027

Higher Secondary Certificate (12th Commerce) — Dr. D. Y. Patil Jr. College, Akurdi

87.50%

Secondary School Certificate (10th) — Kantilal Khiwansara English Medium School, Wakad

92.40%

CERTIFICATIONS

- SQL Certification | Data Analytics & Power BI Certification | Python Programming Certification | Artificial Intelligence Fundamentals

ACHIEVEMENTS & CO-CURRICULAR

- Maintained strong academic performance with 90%+ school track record.
- Active participant in college tech fests, coding competitions, and team activities.
